Drop-Off and Pick-Up Area

To ensure a smooth flow of traffic, please observe the following:

1. **Drop-off should be conducted in a single file** within the yellow lines parallel to the classroom blocks.
2. **Keep traffic moving.** Parking is not permitted in the Drop-Off and Pick-Up area, especially during morning drop-off.
3. You are encouraged to use the Drop-Off and Pick-Up area which is a **30-second operation**. Longer stops cause congestion.
4. If your child is not ready to leave the vehicle, **do not block other drivers**.
5. **Reduce your speed** when entering and exiting the drop-off zone.
6. **Children in Reception to Year 6 should not be walked to class by parents.** An exception is made for Nursery children in **Terms 1 and 2**, but in **Term 3, we will encourage independence**.
7. **Parents with children in Nursery** can park on the right-hand side of the pedestrian crossing, near the staff car park. Be mindful of children using the crossing, and avoid causing congestion, as buses will be stationed in that area. Your parking should not be more than a minute to avoid congestion.
8. **Follow the directions of the traffic marshals** to ensure a smooth and safe drop-off and pick-up process.

Thank you for your continued support. I wish all the children a restful break.

Yours Sincerely,

Mrs K. Hamweenda (B.A.Ed., MAHRM, MED)

Head of Primary
